

BLUE EAGLE INVESTIGATIONS®

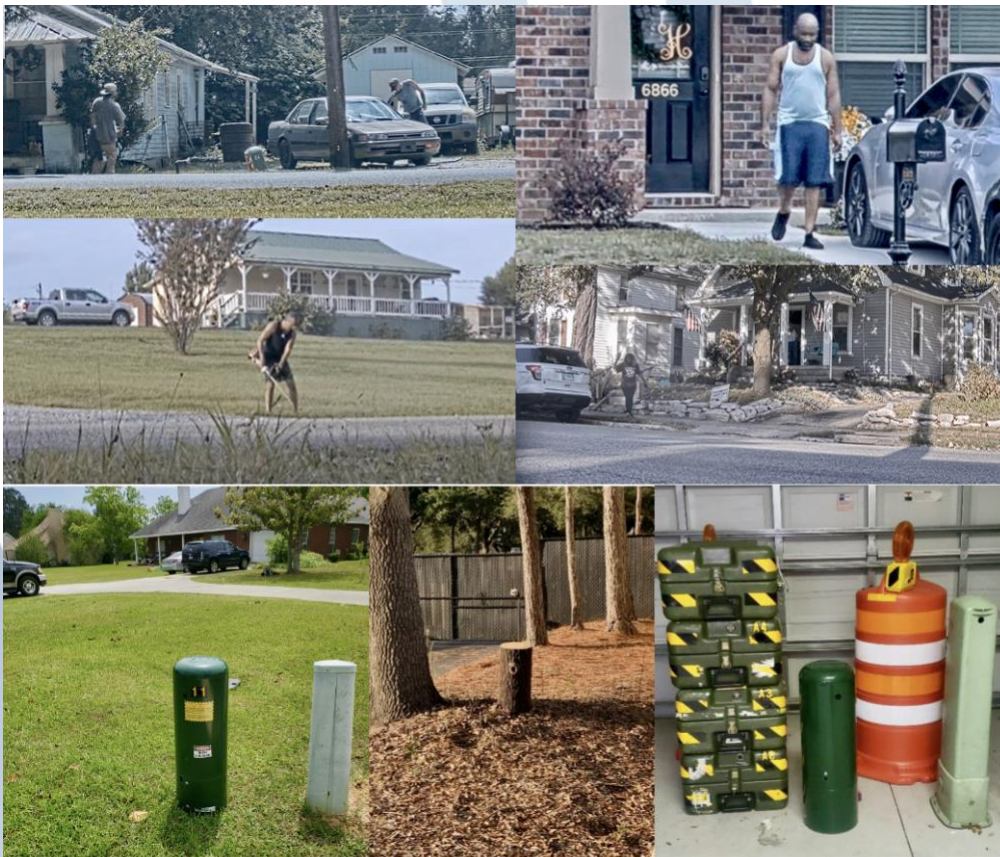

Blue Eagle's unmanned surveillance systems is a great enhancement, especially when used in conjunction with traditional surveillance. We have a variety of inconspicuous units that can be placed on public easements/property in both urban and rural locations.

BENEFITS:

- 24/7 Surveillance
- Units Do Not Sleep Or Get Fatigued
- Extremely Cost Effective
- Over 90% Success Rate
- 4K Ultra High-Definition Systems
- Subject Pattern Analytics Targeting When Subject Is Most Active

ANALYTICS:

- Motion Detection
- Digital Auto Tracking
- Facial Detection/Recognition Capture
- License Plate Detection Capture
